The Lexington Oil Corporation.

Representatives of The Lexington Oil Corporation plan to go to Eureka, Kansas, in a few days in the interest of the company. This is a local Oil Company whose holdings are very valuable.

A few weeks ago the Standard Oil Company's subsidiary bought the property of the property of the Great Southern which lays just north of the Lexington property at a reported consideration of \$2,500,000.00 for one-half interest. This means the Lexington holdings look very good.

The drilling will be started up soon and it looks like a sure thing now that this company will prove very profitable to its stockholders.

A local Lafayette County Company managed by Lafayette County men and, practically all stock being held in Lafayette county, makes this proposition one that should appeal to all local people, especially when you consider that at least 50% of the company's that fail are failures because of pernicious management. Hundreds of shallow field companies fail to pay, because of the fact that only a certain number of wells can be drilled on a given acreage.

It is a well known fact that such big companies as the Standard do not fool with shallow acreage, and the foresight of the Lexington Company's officers in securing this acreage is further strengthened by their wisdom in following the lead of the successful companies, who really have paid big cost returns to their investors.

The Kind of Men Needed.

All classes are joining the Reserve; professional men, engineers, artisans, laborers of all kinds. The Reserve welcomes every patriotic citizen who wishes to serve, whatever his qualifications. It is a democratic organization in which all classes meet in a common devotion to our country.

Men especially needed are mechanics, artisans, skilled laborers of all kinds, men who can work with tools. There is great need for such men now. Every available man of this sort must be enrolled promptly or our country's war work will be retarded.

Only men who are really ready and able to respond when an opportunity for service comes should enroll. The Reserve does not want to be swamped with records of men who are merely expressing patriotism but who, when it comes down to business are not going to be able to work where they may be needed.

Men of draft age are not wanted if likely to be called soon. Enrollment in the Reserve is no ground for exemption.

Acceptance of a Call to Service Purely Voluntary.

Most of the positions offered to Reserve members will be well compensated. Only occasionally does some branch of the Government want unpaid helpers.

No obligation exists to respond to a call when it comes; the Reserve merely presents the opportunity, trusting to the judgment and patriotism of its members to lead them to accept, if they should accept in view of all the circumstances and of their country's need.

Department of Labor, U. S. Public Service Reserve, Washington, D. C.

Note: Applications for membership may be had from the following:

Traders Bank, Commercial Bank, Savings Bank, Morrison-Wentworth B. Intelligencer Office, W. B. DOUGLASS, Enrollment Agent for Lafayette County.

Mrs. T. C. Sanders has returned from a visit in Sedalia.

Seed Corn Committee For Dover Township.

T. J. Miller, Higginsville, Mo. J. L. Nelson, Dover, Mo. John Kolster, Corder, Mo. E. J. Rodekahr, Corder, Mo.

The work of this committee is to co-operate with the county chairman, S. M. Kleinschmidt, Higginsville, Mo., in securing good seed corn for Lafayette county. Upon investigation this committee finds that the seed corn situation is a very serious one—so bad is the seed corn this year that no farmer can expect a reasonable stand of corn without making an ear test. Farmers who have made an ear test and have seed corn for sale are requested to list same, giving name of variety with their township chairman. He in turn will forward this list to the county chairman. In this way farmers can be of mutual benefit to each other, as some farmers will find after making a test that their seed corn is unfit for planting purposes. The seed corn committee also requests farmers who have made accurate tests to report these tests to the committee in order that they may be an inducement to cause others to test their corn.

E. J. RODEKAHR, Chairman Seed Corn Committee for Dover Township.

A SAFE TEST.

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Lexington People.

Mrs. A. Ashford, Fifth St., Lexington, says: "From my experience with Doan's Kidney Pills I can recommend them to others. I had rheumatic pains in my body and arms. My kidneys acted too frequently and I began to wear out physically. I got Doan's Kidney Pills at Crenshaw & Young's Drug Store and found great relief. I shall keep Doan's on hand hereafter in case of need."

The Great Duty.

As we go about our daily tasks in peace and safety men are dying every minute on the battlefields of Europe to save civilization. Our own gallant soldiers are shedding their blood in France and our sailors engulfed in the waters of the Atlantic as they go in defense of America's rights and honor.

Upon our performance of the work committed to us depend the lives of thousands of men and women, the fate of many nations, the preservation of civilization and humanity itself; and the more efficient and prompt we people of America are doing our part, the more quickly will this war come to an end and the greater the number of our soldiers and sailors who will be saved from death and suffering and the greater number of the people of other nations released from bondage and saved from death.

To work, to save, to economize, to give financial support to the Government is a duty of the Nation and to the world and it is especially a duty to our fighting men who on land and sea are offering their lives for their country and their countrymen.

SEED POTATOES

Seed potatoes, Northern grown, at M. Mike's old store, South street, to Farmers, Miners and Merchants, at low prices. Come and Investigate these potatoes—they will be sold cheap—for planting or for eating, if so desired. Sale will continue till Friday night. I will also be here Monday and Tuesday. Don't miss this sale. No deliveries will be made under one bushel.

Please Do Not Read Carelessly. The ladies of the Civic Department of the Woman's Club, appeal to the members of the Club and to every citizen of Lexington to "Clean up." On account of the many calls for service in the various war activities, a regular clean up campaign will be instituted. Surely civic pride and the desire to insure better health for the community at large, will cause each person in this city and vicinity "to do their bit." Let us not forget the time—right now.

Your Grocer will deliver
Bevo
A BEVERAGE
You've enjoyed it at restaurants and other places—now you want your family and your guests to join you in the same pleasure. That's one of the joys of serving Bevo—to hear your guests say how good it is—then to listen to their arguments as to just what it is. If they haven't seen the bottle they'll all agree that it is something else—if they have seen the bottle each will have a different explanation for its goodness.
Bevo is nutritive—pure through pasteurization and sterilization—non-intoxicating, wholesome and thoroughly refreshing. Note—Bevo should be served cold.
Bevo—the all-year-round soft drink
Get Bevo at restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, steamships, and other places where refreshing beverages are sold. Guard against substitutes—have the bottle opened in front of you.
Bevo is sold in bottles only—and is bottled exclusively by
